Walking With Jesus
Quincy Flint

No Capo
Key E

Walked with Jesus on Tuesday
Skipped a stone through his sky
Waiting out in the graveyard
With the devil tonight

I was born a reflection
I stood in God's eye
Got a warmer companion
Sitting down by my side

Went down to the jailhouse
To hear the jail birds pine
Opened all of their windows
Lord had us a time

Come closer my brother
You've got something to hide
You've been talking to Jesus
You've been feeding me lies

Is it he who has fallen
Or them who took flight
Got their streets made of gold and
Left a wasteland behind

Oh, I went walking with Jesus
Real late in the night
Gonna burn down this castle
Lock the devil inside

His jet-black tuxedo
Is red velvet lined
His brand-new Spanish boots
Made of rattlesnake hide

Walked with Jesus on Tuesday
Skipped a stone through his sky
Waiting out in the graveyard
Killing the devil tonight
