

CHORUS:

I'm goin' up state to see my baby tonight
I'll hold her in my arms until she can't speak right
Then my body gets to talkin' til she screams and moans
Gonna see my baby tonight

---	---	--	---	---	--	---	---	--	---	---

I found me an angel in low down place
She got a cool body and a snatched out waist
She treats me right and that's all I need
When a smile creeps across her face

Found her at a rest stop down in Tennessee
Swore I'd love her for the night I'd let her free
It's been 5 long years and we're tying the knot
Now she'll never get away from me
(Underneath a couple sweet gum trees)

[CHORUS]

Come on pretty mama what has got you down
What's turned that smile to an awful frown
Tell me true and don't you feed me no lies
And baby I can be your clown

No I don't gamble but I'd bet on you
I made you a promise and I'll see it through
So throw them dice girl let 'em roll
Come up fives and twos

[CHORUS]

When you hold my hand babe the grass grows green
When you're not around you know the sky seems bleak
So hang around for the rest of my life
We'll be living in our own paradise

The years pass by the way that water falls
The kids have grown up now they're bouncing off the walls
We're still fighting but we're seeing it through
And she loves all of my flaws

[CHORUS]
