

[D-Am, C-Em-D, G-Am, D-G-D]

I'll never make it out on the (open) road
Just lying awake all alone
Playing for pennies on this dirty street
Playing songs about you and me

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes
And I feel you by my side
When I close my eyes
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

But the highways tell the time
There's no time to change my mind
Just like that kite you held in tow
I can't fly if you don't let go

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes
And I feel you by my side
When I close my eyes
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

The past ain't really the past
When your memory takes me back
My heart may be mine to make
But yours is mine to break

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes
And I feel you by my side
When I close my eyes
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

Your words send all their love
But your words just ain't enough
I miss your arms and I miss your touch
I miss your hugs and that ain't much

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes
And I feel you by my side
When I close my eyes
When I close my eyes
