It's so long to Gainesville, I'm heading on to Nashville  
Thinking on that woman all the while  
I left all my friends behind, I got nothing at my side  
'Cept a pair of boots and my beat-up old guitar

I ain't the man that I used to be, you're not the girl that I came to need  
I guess we're both just lying cheating dogs

I rambled on up to New York, but they closed down all the Woolworth's  
And the crowds downtown are too big anyhow  
I'm fine down in the south, since they kicked my baby out  
Now home ain't just another place to sleep

My mother told me son, don't go chase that kingdom come  
Or this old world will pass you right on by  
Sit back enjoy the ride, don't go asking the reason why  
That evil girl won't take you for a wife
