

[D-Am, C-Em-D, G-Am, D-G-D]

I'll never make it out on the open road
Just lying awake all alone
Playing for pennies on this dirty street
Playing songs about you and me

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes
And I feel you by my side
When I close my eyes
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

But I hear the highways call
And I really must be off
Just like that kite I wanna float
But I can't fly if you don't let go

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes
And I feel you by my side
When I close my eyes
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

The past ain't really the past
When your memories play back
My heart may be mine to make
But yours is mine to break

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes
And I feel you by my side
When I close my eyes
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

Your words send all their love
But your words just ain't enough
I miss your arms and I miss your touch
I miss your hugs and that ain't much

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes
And I feel you by my side
When I close my eyes
When I close my eyes
