

It's been two long years of waiting, been two long years of crying
 But there ain't no doubt in no one's mind just where it is I'm bound
 For I have broken every last promise and I have left a fever lying in my wake
 But now that I'm lost I've forgotten, just what it means to be found

I'm finally feeling good again

----	----	----	----	----	----

They days just leave me ragged; the nights seem to make me whole
 While the poets keep a'preaching all the lines I know they stole
 And that old dark tunnel keeps me shivering, your body always keeps me warm
 I stood as tall as the night is black, lumbered on my knees in the morn

I'm finally feeling good again

I followed your light down a cold, dark road, stood staring down the lines you drew
 Lost my sense of direction, I found myself a new kind of truth
 Your body laid before me as the moon rose high above
 Forgot my mother's final warning, be careful, son, who you love

I'm finally feeling good again

Ça fait deux longues années d'attente, deux longues années à pleurer
 (Il) n'y a aucun doute dans l'esprit où est-ce que je vais
 Si jamais je trouve que tu es tombé, toujours, je te lever encore
 J'ai déjà dis que je t'ai aimé, mais jamais tu mas dis le meme

Et en fin, je me sens bien
