

INTRO [GAD DG AA GD]

I'm on my way to heaven
I got one foot out the door
But I'm hangin' on to something
That you said before

CHORUS [GA DG GA DG]

To keep me on the ground
To keep me hanging round
To help my hurting hands
Just a'listen to Your plans

CHORUS [GA DG GA DG]

Comfort me oh comfort me
Speak to me tenderly
And when you've said your fill
Just point me to God's hill

VERSE [GA DG AA GD]

Take the road that leads to glory
Where the promised land awaits
But you must walk the valley
Before He shows the way

VERSE [GA DG AA GD]

I'm gonna walk that lonesome valley
I'm gonna walk it on my own
Cause there ain't no one around me
And it's time I get back home

CHORUS [GA DG GA DG]

Don't keep me on the ground
Don't keep me hanging round
Don't help my hurting hands
Won't listen to Your plans

CHORUS [GA DG GA DG]

But comfort me oh comfort me
And speak to me tenderly
And when you've said your fill
Just point me to God's hill

VERSE [GA DG AA GD]

Cause if this life is sink or swim
And there ain't no one around
Then I'll be in the deep end
Don't save me when I drown

VERSE [GA DG AA GD]

When times are tough, you toughen up
When things go well, you loosen up
That's OK I've seen enough
Now I'm headed home

CHORUS [GA DG GA DG]

Don't keep me on the ground
Don't keep me hanging round
Don't help my hurting hands
Won't listen to Your plans

CHORUS [GA DG GA DG]

But comfort me oh comfort me
And speak to me tenderly
And when you've said your fill
Just point me to God's hill

INTRO [GAD DG AA GD]

I'm on my way to heaven
I got one foot out the door
I'm just hangin' on to something
That you said before
